

3 hour Wed. evening pre-day class

## Kari Berries & Blooms

Sizes 2-4

3 Hours

Handwork in class

In a quirky mix of traditional embroidery and contemporary designs, these sun-ripened berries and blooms are artfully arranged along the yoke of this fun and funky sundress. Taking her signature styled bullion whimsies in a new direction, these fanciful Kari berries are filled with soft satin stitches and outlined in tapered bullions. Curling stems, leaves and berry blooms are stitched in a mix of simple styled bullions, coiled bullions and stem stitch variations. Sundress features a solid color band bodice with a bright print skirt and wide shoulder straps that intersect with a lace-up closure in back. Learn the secrets to creating beautiful bullions along with answering the age old questions of which way to wrap, how many threads to use, perfect tension, which needles to use and when. Designed with all skill levels in mind. A berry sweet addition to any little girl's wardrobe!
