

Monday & Tues. Pre-day  
**Spaghetti Garden**

Swing Top & Pantalettes

Sizes 4-8

2 days

Machine required

Bring on the Spaghetti, *hold* the sauce! The term “spaghetti” in the sewing world refers to narrow bias tubing (think spaghetti straps). Inspired by this versatile trim, students will learn to edge appliqués, make bridging designs, to create keyhole trims and to make spaghetti flowers. Using bright energetic prints, the swing top features an openwork round yoke of bridging (faggoting) in a playful vine and leaf design. The flared skirt has an oversized wrap around floral appliqué design of contrasting prints outlined in spaghetti trims. Add rickrack and spaghetti flowers, angel sleeves and a keyhole hem with a ruffle for a flirty finish. In contrast, the bright white pantalettes have a sweetly ruffled hem that curves up at the sides. Spaghetti leaves and vines trail along the hem and growing up the sides. Each vine is trimmed with matching spaghetti and rickrack flowers. Playful garden garments that grow to be sassy, sweet and simply delicious!
